Patient: Jerson Uanan Sagun
Doctor: Dr. EXAMPLE DOCTOR1 - General
Date/Time: September 18, 2026 at 6:29 PM
Generated: September 18, 2026 6:30 PM (doctor reviewed)

Consultation Summary

[session:6_1789727400]

[--- AI Summary - Sep 18, 2026 6:30 PM ---]

Chief Complaint

Acute onset of fever, cough, shortness of breath, dizziness, and headache lasting one day.

History of Present Illness

The patient reported that one day prior she developed a fever accompanied by cough, shortness of breath, dizziness, and headache. The symptoms were continuous and systemic in nature. She denied any worsening factors and noted that the symptoms have now improved. No other associated symptoms such as chest pain or gastrointestinal upset were mentioned. Plan: increase fluid intake and take Biogesic twice daily.

Doctor's Assessment

The physician evaluated the patient's acute febrile respiratory illness and deemed it likely a self-limited viral process. He emphasized adequate hydration and symptomatic relief with an antipyretic/analgesic.

Diagnosis (if mentioned)

Not discussed.

Treatment Plan / Prescriptions

Biogesic (acetaminophen) - take twice daily as tolerated. Advise drinking plenty of water. Avoid "sucking bricks" (i.e., avoid harmful practices).

Follow-up Instructions

Not discussed.

DOCTOR SAID:

I'm going to save you. Same tol game. I'm first, I'm first. You have five gallons of water for two minutes. Then, biogiesic. Can you drink biogiesic two times a day? I'm gonna go up and you said you said you said drink you said three times a day away then I go what's your symptoms and shit okay drink plenty of water and don't suck bricks okay

PATIENT SAID:

No. Rineg, rineg. Inuubo, inihika, nilagnat ako ng isang araw. May hilo, masakit ulo. Okay na. Okay.
